1. The amounts so appropriated above by the General Assembly were apportioned among Member States in accordance with the provisions laid out in sections III A through AG below.

B. Apportionment of the costs of peacekeeping operations

2. On 11 December 1973, the General Assembly adopted resolution 3101 (XXVIII) on the financing of the United Nations Emergency Force (UNEF II). Under the resolution, the membership of the United Nations was divided into four groups: (a) the States permanent members of the Security Council; (b) specifically named economically developed Member States that were not permanent members of the Security Council; (c) economically less developed Member States; and (d) economically less developed Member States that were specifically named. The resolution also specified the amounts of the total appropriation to be distributed among each of the four groups.

3. The four amounts specified in the resolution were established by a methodology intended to produce the following results: the Member States in group D would pay 10 per cent of the assessment rates established for the regular budget, those in group C would pay 20 per cent, those in group B would pay 100 per cent and those in group A would pay 100 per cent plus the amounts not otherwise apportioned.

4. Within each group, according to the terms of resolution 3101 (XXVIII), the amount appropriated was to be distributed among the respective group members on the basis of the relative weight of each group member's regular rate of assessment in relation to the total rate for the group.

5. The scheme for the apportionment of costs set out in resolution 3101 (XXVIII) has continued to be applied since that time for all peacekeeping operations financed through assessed contributions, including UNIKOM. The composition of the four groups of Member States has changed repeatedly since 1973, however, as a result of the admission of new Member States and the decisions contained in the various General Assembly resolutions, the latest of which was resolution 43/232 of 1 March

1989, as adjusted by resolutions 44/192 B of 21 December 1989, 45/269 of 27 August 1991, 46/198 A of 20 December 1991, 47/218 A of 23 December 1992, 49/249 A of 20 July 1995 and 49/249 B of 14 September 1995, 50/224 of 11 April 1996, 51/218 A to C of 18 December 1996, 52/230 of 31 March 1998 and 55/235 and 55/236 of 23 December 2000, and General Assembly decisions 48/472 A of 23 December 1993, 50/451 B and 50/471 A of 23 December 1995 and decisions 54/456, 54/457 and 54/458 of 23 December 1999. The percentage shares shown in sections III A through AC below demonstrate the results of the application of the scheme, using the scale of assessments for the period 1992–1994, adopted by the Assembly in its resolution 46/221 A of 20 December 1991, and adjusted in accordance with Assembly decision 47/456 of 23 December 1992 and resolution 48/223 A of 23 December 1993, the scale of assessments for 1995-1997, adopted by the General Assembly in its resolution 49/19 B of 23 December 1994, the scale of assessments for 1998-2000, adopted by resolution 52/215 A of 22 December 1997 and the scale of assessments for 2001 as adopted by resolution 55/5 B of 23 December 2000.

6. Beginning in July 2001, the General Assembly, by its resolution 55/235, decided that the rates of assessment for "peacekeeping operations should be based on the scale of assessments for the regular budget of the United Nations, with an appropriate and transparent system of adjustments based on levels of Member States." Under this system Member States were assigned to one of ten "levels" to facilitate automatic, predictable movement between categories on the basis of the per capita gross national product (GNP) of Member States. Discount rates were applied to eight of the different levels based on the parameters set forth in the resolution. Countries in level B are assessed at the same rate as for the regular budget. Member States were assigned to the levels for which their per capita GNP qualified them unless they indicated a decision to move to a higher level. The Member States which voluntarily moved to a higher level are indicated in resolutions 55/235 and 55/236.

7. The five permanent members of the Security Council form a separate level, level A, and all discounts resulting from adjustment to the regular budget assessment rates of Member States in levels C through J are borne on a pro rata basis by the Member States in level A, which are assessed at a higher rate than for the regular budget. Member States designated as least developed countries are assigned to level J and receive the highest discount percentage i.e., 90 per cent. They therefore pay 10 per cent of their assessment rates established for the regular budget. The percentage shares shown in sections III AD through AG below demonstrate the results of the application of the new system, using the scale of assessments for 2001-2002 as adopted by the General Assembly in its resolution 55/5 B of 23 December 2000.

II. Basis for credits in respect of the Tax Equalization Fund

8. Under regulation 5.2 (e) of the Financial Regulations of the United Nations, adjustments shall be made to the assessment of Member States in respect of Members' credits in the Tax Equalization Fund estimated to be not required to meet charges for tax refunds for the financial periods below:

b/ Effective rate for 1996 reflects Portugal's gradual shift from group C to group B and Belarus's gradual shift from group B to group C, in accordance with General Assembly resolutions 49/249 A and B. It also reflects Greece's gradual shift from group C to group B and Ukraine's gradual shift from group B to group C beginning 1 July 1996, in accordance with General Assembly resolution 50/224.

c/ Pending the placement of the Czech Republic and Slovakia in the appropriate group (General Assembly decision 48/472 A), there is no assessment yet for them. Consequently, the scale of assessments for 1996 has been reduced from 100.0100 per cent to 99.6675 per cent.

Percentages are rounded to four decimals.

Effective rate for 1996 reflects Portugal's gradual shift from group C to group B and Belarus's gradual shift from group B to group C, ccordance with General Assembly resolutions 49/249 A and B. It also reflects Greece's gradual shift from group C to group B and Ukraine's ual shift from group B to group C beginning 1 July 1996, in accordance with General Assembly resolution 50/224.

Pending the placement of the Czech Republic and Slovakia in the appropriate group (General Assembly decision 48/472 A), there is no sement yet for them. Consequently, the scale of assessments for 1996 has been reduced from 100.0100 per cent to 99.6675 per cent.
